

Test Description: testing - Whatsapp Web

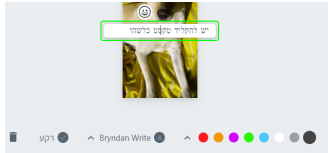

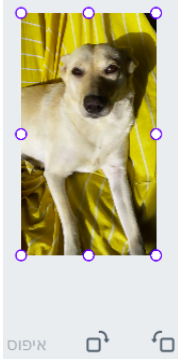

Test Purpose: Sanity testing for Whatsapp Web features	
Tester Names: Afik Altmann Noa Vazana Sunny Kucherenko Tova Grozovsky AbedAlrhman Natour Date of Test: 09/11/2023	Prerequisites for this test: None
	Software Versions: unknown Application: "Whatsapp Web" Browser: chrome Version 2.2350.1 Operating System: windows 10
	Required Configuration: <ol style="list-style-type: none"> 1. Stable internet connection required 2. WhatsApp Web is open and connected to a valid WhatsApp account with sufficient contacts and chat history. 3. (Whatsapp) currently allows you to send files of up to 2 G.B and with no limit to the amount of files. Currently, large files can only be sent using the application adapted to the connection of the mobile device and it cannot be done through its browser interface (Whatsapp Web)
NOTES and RESULTS: The critical functions in the system are working properly. UX is very intuitive and user friendly. <u>One not critical minor bug that was found.</u>	

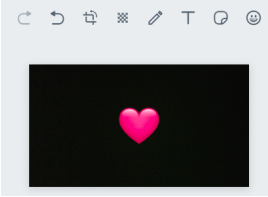

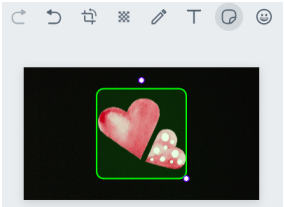

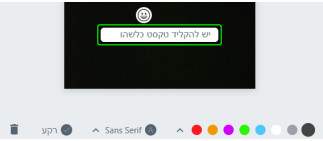

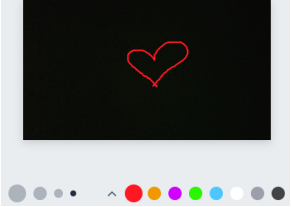

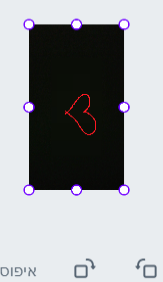

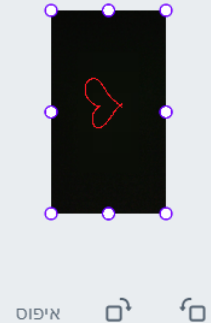

STEP	TEST STEP/INPUT	EXPECTED RESULTS	ACTUAL RESULTS	PASS/FAIL
